

Instructions on how to make a signal flag

You will need:

- 1 piece of wooden dowelling or wooden stick or paper straw
- 1 piece of green card/tissue paper (to signal go) or 1 piece of red card/tissue paper (to signal stop) or one piece of red card/tissue paper (to signal get ready to go/ get ready to stop)
- Double sided tape

Step 1

Each child will need 1 piece of wooden dowelling (or another alternative material), 1 piece of green card/tissue paper and some double sided tape.

Step 2

Cut a piece of double sided tape and put this on to the folded flap of the piece of green card/tissue paper.

Step 3

Stick the piece of wooden dowel (or alternative material) to the double sided tape and roll the wooden dowel to make your flag.

Can you practise waving your signal flag and signalling for the train to go?
